- P20 Arancio/Nero/Bianco
- P68 Nero/Bianco/Verde-Kawasaki

FOCUS

Sports passion and assertiveness complemented by elevated performances and technical content distinguish this two-piece suit with an enviable quality-price ratio that makes it a good entry level product to the Dainese world. Co-injected shoulders with aluminium inserts, homologated protectors that apply technology derived from F1 racing experience, and cowhide with high abrasion resistance are only a few of the features vaunted by this two-piece suit. Remarkable comfort and freedom of movement during even the most competitive riding are ensured by the ample elasticated inserts, highly-resistant bi-axial elasticated S1 fabric, and the 3D Bubble liner.
