### FIT

-Uomo Cod. 1775126

### SIZES

-Uomo 39/47

### COLOURS

622 Nero/Bianco

631 Nero/Nero

### FOCUS

Assertiveness and strong personality matched with a high level of technicality distinguish this short boot that vaunts the same technical features as those in the higher racing boots, such as the TPU casing, the shock absorption heel, the inside tightening strap on the instep, the replaceable sliders, and the nylon outsole and toe. The differentiated texture racing sole and TPU inserts on the inner side permit elevated grip during riding on roads. The lining in double jersey mesh fabric and 3D Bubble liner offer superior comfort during riding.
