Focus

The road flashing beneath the saddle, the wide open spaces of the prairie, the pulsing of pistons vibrating through arms and body, the sunlight glinting off the engine chrome and the roar of choppers riding in formation. Made of pull-up cowhide treated with resins to give it a worn look, Trophy Vintage has been designed to offer exceptional comfort even after many hours in the saddle, with ergonomics and cut designed for touring use, soft Pro Shape protectors on the knees and Sanitized@ fabric lining.
